SALIDA TRAIL SYSTEM
SPOT ADOPT-A-TRAIL PROGRAM
TRAIL SECTIONS
(2019)

The SPOT Adopt-a-Trail Program has been a successful means for community friends to help maintain and sustain the Salida Trails. The Trail System is divided into forty three (43) sections; many sections are currently adopted and some are not. If you are interested in adopting a Trail Section, please review the following Trail Sections for availability and the accompanying Adopt-a-Trail Map and Maintenance Information, then contact us at info@salidaparksopenspacetrails.org.

SPOT Adopt-a Trail volunteers are fortunate to be included in the annual AHRA Clean-up Green-up held in May each year. Volunteers are also asked to keep an eye on and maintain their trail sections and to participate in trail projects, if possible, throughout the year.

ADOPT-A-TRAIL SECTIONS
